

Business Centre

For all those last minute projects or emails, the Hyde Park Forum has a purpose built Business Centre, offering high speed ADSL internet connection, email and word processing software on three individual computers. The Centre also has provisions to connect to a laptop or secure network if required.

Accommodation

In association with the Hyde Park Inn, the Hyde Park Forum is pleased to offer 4 star accommodation in the centre of Sydney's CBD. The Hyde Park Inn is conveniently located opposite Hyde Park and Museum railway station. Our large rooms offer self catering facilities with larger family rooms and two bedroom apartments also available. Discount rates apply for Conference groups.

Why the Forum?

The brief for this project was to create, construct and fit out a venue that would satisfy the demands of the highest level of corporate clientele. We have achieved this vision by creating a state of the art facility with built-in Audio Visual and IT equipment, personalised service by one Conference Manager and being able to be flexible in terms of budgets, menus and room requirements. Our aim was to make life easy for meeting organisers and presenters by building in equipment and systems that will save time and impress delegates or clients.

HYDE PARK
FORUM

CONFERENCE & MEETING CENTRE

Level One 271 Elizabeth Street Sydney NSW 2000

About the Forum

The Hyde Park Forum is a brand new, purpose built, conference and meeting centre in Sydney's CBD. The Centre features two meeting rooms, an executive boardroom, bar and business centre. Disabled access and facilities are also available. All rooms overlook Elizabeth Street and Hyde Park, with brilliant views and abundant natural light.

Forum Food and Beverage

The Hyde Park Forum offers quality, contemporary and flexible catering. Menus have been designed to cater for your individual meeting or event requirements including special dietary needs. Our aim is to assist you in all your catering requirements, to give superior service and endeavour to work within your organisation's budget.

The Forum's bar is able to service the lobby area and Forum One together or as individual rooms. A unique wine list featuring many boutique wines has been created to offer both excellent choice and very competitive pricing. A reserve wine list is also available for those occasions where impressing your client is a must.

Forum Furniture

The Hyde Park Forum has been fitted out with designer furniture from Wilkhahn and Howe. These designers have been chosen to allow for easy turnover for multiple functions, flexibility in room configurations and superior comfort and style.

Forum Rooms

Designed to maximise natural light and the park views, each of the soundproofed rooms offers comfort, style and a high level of audio visual and IT technology including AMX individual room controls. The AMX controls motorised blinds, screens and lighting as well as background music and AV/IT equipment. Presenters can activate preset lighting controls and audio visual equipment with the touch of a button.

Executive Boardroom

The Executive Boardroom is a private, modern and sophisticated area for meetings of up to twelve (12) people. The Boardroom features built in AMX controls, data projection, tele/videoconferencing, cable management systems, bar and private cloakroom. The Boardroom has also been fitted out with designer Wilkhahn leather chairs for style and comfort. This room is perfect for private lunch or dinner meetings with a la carte or set menus available.

Forum One

Forum One is the centre's largest room, capable of a number of versatile layouts including: 75 people theatre style or 36 people in a classroom configuration. Data projection, tele/videoconferencing, networking ports, DVD, VCR and P.A have all been built in and intergrated with the AMX system.

Forum Two

Forum Two is a flexible room capable of accommodating 14 people in boardroom style or 36 people in a theatre composition. Forum Two is capable of video & telephone conferencing. Ideal for small training meetings a centralised floor box provides multiple data points for in room networking. AMX controls also feature.

Exhibition/Trade Show

With the combination of our two meeting rooms and lobby area an exhibition space can be created. This space is also ideal for small trade shows, cocktail parties or networking functions for up to 110 people. This space can be made private by the use of stylish operable glass walls.

Room name	Dimension (m)	Floor area (sqm)	Ceiling height (m)	Classroom	U-shape	Theatre	Cocktail reception	Board room
